## Terms of Admission.

To be admitted to the Freshman class, the candidate must be thoroughly acquainted with the grammar of the Latin and Greek languages, and be able to construe and parse any portion of the following books ; viz. Virgil, the Greek Testament, Cicero's Select Orations, and Dalzel's Collectanea Græca Minora. He must likewise be able to translate English into Latin correctly ; and possess a knowledge of Geography and Arithmetick, including Vulgar and Decimal Fractions, with the doctrine of Roots and Powers.

N. B. The time appointed for examination, is the day preceding the annual Commencement. Applicants from a distance, however, may be examined at the close of the ensuing vacation.

For admission to an advanced standing, the candidate, in addition to the requisites for the Freshman class, must be acquainted with the studies pursued by the class, which he wishes to join.

It is desirable that those youth, who are studying with a view to enter this college, should use the particular books here prescribed. In extraordinary cases, however, an equivalent knowledge of other approved classicks will be admitted as a substitute for partial deficiences.

No scholar from another college can be admitted without examination ; nor can any such applicant be admitted to examina-

tion, without producing from the presiding officer, a certificate of his good standing and regular dismission.

N. B. In all cases, a bond, for the payment of the college bills, is required.
